THE ALICE AND JERRY BOOKS

THE COMPANION BOOK FOR RIDES AND SLIDES

By Mabel C. O'Donnell, Helen Scharschug, and Alice Carey

THE purpose of this Companion Book for *Rides and Slides*, the first Pre-Primer of THE ALICE AND JERRY BOOK, is to give the child a first-hand experience in reading that the child can do by himself. It requires no special equipment or material, and is designed for the development of study skills, but it is not a substitute for the *Rides and Slides* for the development of reading skills.

To make certain that the child can work by himself, or with a teacher, the book is developed. Varied techniques are used to develop the ability to read and to understand the meaning of the words. The book has been introduced and used in many schools and is being used to insure mastery.

1. Ability to Recognize
 - (1) Matching Sentences
 - (2) Matching Sentences
 - (3) Matching Sentences
 - (4) Associating Words

2. Ability to Get Meaning
 - (1) Associating Meanings
 - (2) Associating Ideas

It should be clearly understood that the reading of correspondences is not a mechanical matter.

The mechanical matter must be explained in a minimum of explanation. The book is to be detached until a minimum of explanation is given. Then the stubs should be used.

Detailed directions are given in the Teacher's Guidebook.
